Kidde Canada is pleased to announce a **FACTORY EXTINGUISHER SERVICE CERTIFICATION SCHOOL FOR BADGER AND KIDDE MODEL FIRE EXTINGUISHERS – REQUIRED AS PER NFPA-10.**

This training program is for all servicing technicians needing authorized certificates per NFPA-10 requirements. Recent changes within the NFPA-10 standard now place requirements for servicing portable fire extinguishers, including annual maintenance, recharge or hydrostatic testing.

The school provides each student with a current copy of NFPA-10, course manual, bulletins, MSDS, product literature and other material information necessary to properly service fire extinguishers.

Those successfully passing the written examination with a 75% or better score will receive a **factory certification** document that is valid for **four (4) years** and covers both Badger and Kidde fire extinguisher models.
